Carried

Discussion then was based on the Council of the Municipality of Calvin has accepted the Project Management Plan as presented. Based on this acceptance no further work is required by the AD HOC Public Swimming Access on the Amable du Fond River Committee. Questions were asked about the “Use at Own Risk” sign, changing any by-laws to incorporate no fires and refuse, if there should be hours set for the use of the access, and limiting the use to Calvin Residents only. These items had all been previously discussed and answers provided at previous meetings. Question raised - Do any further by-laws need to be developed such as a noise by-law or an hours by-law? This will be brought to Council for their decision.
