**MUNICIPALITY OF CALVIN  
REPORT TO COUNCIL  
Recreation, Cemetery, Landfill JG2018-14**

REPORT DATE: 06/12/2018  
PREPARED BY: Jacob Grove; Landfill, Cemetery, Recreation Superintendent  
SUBJECT: Council Report

---

**Recreation**

The new television donated by Sandy Cross was installed for the December 05<sup>th</sup> fitness night. The cabinet is being built and will be installed shortly.

The big old Husqvarna tractor was picked up from repairs and has been stored for the winter.

On December 2<sup>nd</sup> Chris informed me that there was no water at the Road's Garage. December 3<sup>rd</sup> we switched to the reserve tank and primed the lines to the Community Center and Road's Garage. Water has been ordered and the cause of the problem was the toilet in the Road's Garage stuck on.

The base for the rink has been packed and we are waiting for the day time high temperatures to continuously be cold enough to start flooding.

---

**Landfill**

We are now registered with Etracks as a tire collector in preparation for OTS ending December 31<sup>st</sup>. All the tires have been inventoried and reported to Etracks. Brandon and I have been working on removing the tires from rims. There were over 100 passenger tires on rims and 20 transport tires on rims. There are only 8 transport tires left to remove from rims. A tire pick up has been booked for mid to late December to have all the tires collected under OTS removed before the start of the new Producer funded program.

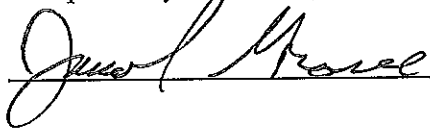

November 30<sup>th</sup> the demolished trailer from 178 Peddlers Drive was brought to the Landfill. December 4<sup>th</sup> the contaminated soil from 178 Peddlers Drive was brought to the Landfill.

---

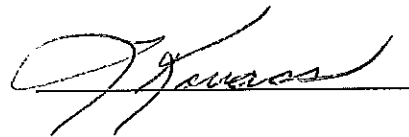

**Cemetery**

There is no Cemetery report this month.

Respectfully submitted;

**Report to Council from Municipal Clerk**

**Regarding Accessibility Initiatives Undertaken for 2018 Municipal Election**

***Purpose of Report: Attached for council's / management's information is a report as required by Section 12.1(3) of the Municipal Elections Act regarding the identification, removal and prevention of barriers that affect electors and candidates with disabilities***

**Identification of Barriers**

***We took the following actions to identify barriers that affect electors and candidates with disabilities:***

<b><i>Actions</i></b>		<b><i>Considerations for 2022 Election</i></b>
1.	Assessed voting location to ensure it could meet the needs of the electorate	Same
2.	Assessed the risk of our past election administration practices, identifying the likelihood of our practice creating a risk to accessibility of candidates and electors and we then identified the impact of the risk and developed measures to mitigate the identified risk	Entrance from parking lot into Community Centre (Voting Place) does not have an accessible door. We have accommodated to date by having door assistants on hand if required. Consideration (required by Council) to replacement of side door with an accessible door.

**Removal and Prevention of Barriers**

***We took the following actions to remove and prevent barriers that affect electors and candidates with disabilities:***

**Communications and Information**

<b><i>Actions</i></b>		<b><i>Considerations for 2022 Election</i></b>
1.	Ensured communication initiatives and information for candidates and electors were available in alternate formats	Same
2.	Posted all information to municipality's website	Website requires WCAG 2.0 Level A standards to be considered accessible. Consideration (required by Council) to make revisions to the website to make it accessible.
3.	Provided all documentation and forms in large print, if required, to assist visually impaired	Same
4.	Provided candidates and staff with information relating to accessible customer service	Same
5.	Provided candidates with supplementary information to ensure a positive campaign for both candidates and electors	Same

**Voting Locations**

<b>Actions</b>		<b>Considerations for 2022 Election</b>
1.	Ran a trial visual setup of voting location to determine maximum accessibility	Same
2.	Provided one central voting location on voting day which was physically accessible	Same
3.	Provided appropriate signage at voting locations	Same

**Voting**

<b>Actions</b>		<b>Considerations for 2022 Election</b>
1.	Scheduled additional advance voting opportunities	Consider continuing with one advance poll on a weekend and one advance poll on a weekday
2.	Promoted advance voting opportunity for electors with disabilities	Same
3.	Provided additional staff to assist at voting location if required for accessibility purposes	Same

**Staff Training**

<b>Actions</b>		<b>Considerations for 2022 Election</b>
1.	Staff training incorporated provisions to meet accessible customer service standards	Same
2.	Monitored elector's concerns and ensured that their needs were met, i.e. if an individual with a walker was in a long line, staff observed, and if felt that the elector was having difficulties, offered a chair and ensured that their place was saved in the voting line-up	Same
3.	Ensured that electors were aware that magnifiers were available, if required	Same
4.	Directed election staff to observe electors during discussions with them, and if it appeared that the voter was having difficulty understanding, ensured that the voter was able to clearly see the speaker	Same
5.	Encouraged election workers to approach an elector if it appeared that the elector required assistance to get around in the voting location. Offered assistance to help, did not assume an individual needed help	Same

6.	Election staff was trained to identify a service animal and followed the Municipality's Accessible Customer Service Policy	Same
7.	Maintained a friendly and approachable demeanour, regardless of how tired, upset or hassled a worker may have felt	Same
8.	Checked the access doors frequently to offer assistance and watch for electors unable to easily enter the building	Same

***For each voting method we took the following measures to ensure accessibility:***

<b><i>Voting Method</i></b>	<b><i>Considerations for 2022 Election</i></b>
Traditional Paper Ballot with Side Cut Slot Ballots available	Same
Traditional Paper Ballot with large text ballots available	Same
Traditional Paper Ballot with magnifying sheets available	Same

Resolution

DATE: December 11, 2018 NO. \_\_\_\_\_

MOVED BY \_\_\_\_\_

SECONDED BY \_\_\_\_\_

“WHEREAS an application for consent (2018-07 – Albright) has been filed with the East Nipissing Planning Board on lands known as Concessions 1 & 2, Lot 14, Municipality of Calvin, to create a lot addition of 101 acres to be added to Concession 2, Lot 15, and Council has reviewed and considered the completed application as the well as considered details heard from staff.

NOW THEREFORE the Council of the Municipality of Calvin RESOLVES that:

1. It is recommended that the East Nipissing Planning Board give provisional consent to this application, and;
2. That a survey shall be completed of the 1 acre portion of Lot 14, Concession 2 which is proposed to be added to Lot 14, Concession 1, to allow for access between Lot 14, Concession 1 and Lot 15, Concession 2, and that both a hardcopy and a digital copy of the completed survey shall be provided to the municipality, and;
3. That the newly created Lot Addition shall be transferred “jointly” to the current owners (Dean & Cindy Grant) of Lot 15, Concession 2, and;
4. That the 5% Cash in lieu, as per the *Planning Act, Section 42(1)*, shall not apply as a requirement of this consent to the newly created Lot Addition, as this Consent is not creating a new residential Lot, and;
5. There are no other known restrictions at this time.”

**East Nipissing Planning Board**  
**APPLICATION FOR CONSENT**  
 Under Section 53 of the Planning Act

Note to Applicants: This application form is to be used if the East Nipissing Planning Board (ENPB) is the consent grantor authority. In this form the term "subject" land means the land to be severed and the land to be retained.

**Completeness of the Application**

The information that must be provided by the applicant is indicated by black arrows on the left side of the section numbers. This information is prescribed in the Schedule of Ontario Regulation 197/96 made under the Planning Act. This application must be completed and accompany the appropriate fees. The ENPB will return the application or refuse to further consider the application until the information and fees have been provided. The application form also sets out other information that will assist the Planning Board and others in the planning evaluation of the consent application. To ensure the quickest and most complete review, this information should be submitted at the time of application. In the absence of this information, it may not be possible to do a complete review in a timely manner. As a result, the application may be refused. If you should need assistance in completing or interpreting this application for consent, please contact the ENPB Secretary/Treasurer at 705-744-0908 or east.nipissing.planning.board@gmail.com. The ENPB will assign a File Number for complete applications and this should be used in all communications regarding consent.

East Nipissing Planning Board  
Box 31  
Mattawa ON, P0H 1V0

**Attention: Sandra Morin – Secretary, East Nipissing Planning Board**

Dear Ms. Morin:

**RE:           Application for consent and lot addition – Albright  
              Con. 1 & 2 Lot 14  
              Homestead Road  
              Township of Calvin  
              Our File No.: PC1/CA/18**

The North Bay-Mattawa Conservation Authority has received and reviewed the above-mentioned application to sever 101 acres from their original holdings for the purpose of a lot addition to Lot 15 Concession 2. The retained portion is approximately 99 acres, is vacant, with frontage on Homestead Road. The following comments are based on a review of the application with respect to the mandate of the Conservation Authority: Ontario Regulation 177/06, Development, Interference with Wetlands & Alterations to Shorelines & Watercourses (DIA) as per Section 28 of the Conservation Authorities Act of Ontario and Part 8 (Sewage Systems) of the Ontario Building Code. In addition to those comments, the Conservation Authority provides advice to the Planning Board with regard to Sections 2 (Wise Use and Management of Resources) and 3 (Protecting Public Health and Safety) of the Provincial Policy Statement (PPS) 2014. Please be advised that the Conservation Authority has no objection to this application.

For your information, the severed portion lies within the Pautois Creek subwatershed. A small headwater wetland area/pond is found in the north-east corner of the severed lands. This wetland area/pond is regulated by the Conservation Authority as per Ontario Regulation 177/06, Development, Interference with Wetlands & Alterations to Shorelines & Watercourses (DIA). Any work within 30m of the wetland/pond area will require a DIA permit. It would appear that the small 1 acre severed portion which is meant to provide access to Lot 14 Concession 1 is not with NBMCA's regulated area. See attached.

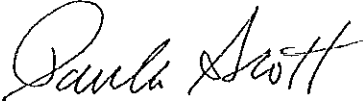

Due to the size of the severed and retained portions and the proposed lot addition, there are no concerns with respect to servicing with an on-site sewage system.

The Conservation Authority is satisfied that the application is consistent with the policies as set out in Sections 2 and 3 of the PPS; therefore, we have no objection to this application.

Should you have any questions, please do not hesitate to contact this office at (705) 474-5420. For administrative purposes, please forward any decisions and resolutions regarding this matter.

Yours truly,

## ROMA Board of Directors Zone Representatives 2019 - 2023

### Notice of Call for Nominations Deadline is December 31, 2018

October 29, 2018

Request of Municipal Clerks:

Could you please make this document available to all new and incumbent council members coming out of your October 22 municipal election? We do not have all their email addresses at this point. ROMA Policies and Procedures sets out the requirements for the Notice and deadline for Zone Nominations. Deadline for receipt of nominations is December 31, so if an individual of your 2018-2022 council is interested in running for the ROMA Board, then Council will need to pass a supporting resolution at a December 2018 meeting. The following pages provide all the information related to the election process, time commitment for the Board, expense policy and a sample nomination resolution. Thank you for forwarding to members of your new council and tabling this on council agenda.

## 2019 – 2023 ROMA Board of Directors Call for Nominations

---

October 29, 2018

### **ROMA Notice and Zones**

Please be advised that in accordance with the Rural Ontario Municipal Association's Policies and Procedures, this is notice of nominations for Zone Representatives to the 2019 – 2020 ROMA Board. The term of the ROMA Board is four years.

The election will take place on Monday, January 27 at the 2019 Annual Conference. The conference is January 26 to 29, Sheraton Hotel, 123 Queen Street West, Toronto, Ontario.

To identify your zone, click [here](#) for the link to the Zone map and list of zone municipalities.

### **Qualifications of Directors**

Every Director shall:

- be an individual of eighteen (18) or more years of age;
- be an elected official of a municipality which is an AMO member;
- not be an undischarged bankrupt; and
- not be declared incapable.

### **Nomination Requirements**

The attached Nomination Form completed by the individual plus a Council Resolution supporting the individual must be received by the deadline. The Nomination Form and Sample Resolution that specifies the Zone are attached. The names of all qualified individuals who are duly nominated will appear on the ballot.

A completed Nomination Form and supporting resolution must be received no later than 12:00 noon on Monday, December 31, 2018. Nominations will not be accepted beyond that date. Please forward a completed Nomination Form to ROMA via email [romaelections@roma.on.ca](mailto:romaelections@roma.on.ca) or fax at (416) 971-6191 or mail to the attention of Pat Vanini, Executive Director as noted on the Form. All candidates will be contacted to confirm receipt of their nominations.

ROMA's Chief Returning Officer, Peter Fay, will certify the nomination. He will contact all candidates. A Nominations Report will be issued in advance of the conference. Information as to the election process at the conference will be sent as well.

If you have any questions regarding this information, please contact Pat Vanini, Executive Director at (416) 971-9856, ext. 316, e-mail [pvanini@amo.on.ca](mailto:pvanini@amo.on.ca)

This information is available on the [ROMA website](#) and the [AMO website](#).

### **Sample Council Resolution**

Be it resolved that the Council for the *(Municipality's legal name)* endorses *(Candidate's Name, Municipal Title)*, for the position of ROMA Zone *(insert zone number)* Representative for the 2019 – 2023 ROMA Board.

Adopted on *(insert date)*.

### **Other Important Information**

#### ***Time Commitment:***

ROMA Board meetings are held eight times per year, typically on the second Thursday of the month in January, March, April, June, August, October, November and December. A mid-term meeting is held every two years, in May or June. In addition, Board members may serve on sub-committees from time to time or asked to be a ROMA representative on others' committees. Time for this will vary with the activity.

#### ***ROMA Expenses:***

ROMA Board members are entitled to a per diem of \$75 per day (effective Jan 1, 2009) when attending meetings on behalf of ROMA business, these meetings include the ROMA Board, AMO Board, Committees and any other meetings where attendance has been pre-approved by the ROMA Chair. A per diem is not applicable to the ROMA mid-term meeting.

ROMA will reimburse travel expenses to all ROMA Board meetings, AMO Board meetings (if applicable) and the Summer Retreat. Travel expenses refer to airfare, train fare and car mileage, parking costs, public transit, and accommodation. Meal costs will also be paid subject to a maximum of \$75/day.

Ian Pennell  
Mayor Elect, Municipality of Calvin  
R.R. #2  
1355 Peddlers Drive  
MATTAWA, Ontario P0H 1V0

November 16, 2018

Dear Mayor Elect Ian Pennell and Council:

I would like to take this opportunity to congratulate you on your recent election to Council in the Township of Calvin.

Union Gas is a long-standing partner in more than 400 communities across Ontario and we are deeply committed to the places we work and live. As a natural gas utility with more than a century of experience, we understand and value public service, and I would like to thank you for the commitment you have made to work hard for the residents of your community over the coming term.

We also work hard to make a difference in the communities we serve in a variety of ways, including delivering safe, reliable and affordable natural gas services, energy efficiency and low-income programs and a wide range of community and charitable efforts. These efforts would not be possible without the support of our many community partners, including elected representatives from all levels of government, and we look forward to working with you.

Beyond our deep municipal partnership with your community, we take pride in our financial commitment to your community as the only utility paying property taxes on every meter of our infrastructure. Union Gas contributes over \$4,133.08 annually to your municipality, revenue that helps support important services.

Should you or your staff have any questions or require any information regarding our operations, or on any energy-related matter, please do not hesitate to contact me. You can be assured of our enthusiasm and co-operation.

Once again, congratulations and best wishes for a successful and productive term.

Sincerely,

Chris Minor  
Northeast District Manager

November 29, 2018

## **Ontario Government Releases New Environment Plan for Consultation**

The Honourable Rod Phillips, Minister of Environment, Conservation and Parks has released Ontario's new Environment Plan for a 60-day consultation on the Environmental Registry. The new plan, a broad and wide-ranging framework for action on land, air and water quality across the province sets out new climate change action and climate resilience targets for the province. The government will conduct more focused consultations on individual plan objectives and actions in 2019. This update provides municipal officials with an overview of the plan's main objectives and possible actions that could affect municipal governments. AMO will be reviewing the plan in detail and responding to the government through the consultations.

Through today's announcement, the government proposes to revise Ontario's greenhouse gas (GHG) emissions reduction target by 30 per cent from 2005 levels by 2030. This target is aligned with reductions under the United Nations Paris Accord but allows greater emissions than the current target adopted by the previous government. The Province re-commits to investing \$5 billion additional funding in transit across Ontario and to working with federal and municipal governments to invest the \$7 billion Green Infrastructure stream in the Investing in Canada Infrastructure Plan in areas such as transit, wastewater and stormwater infrastructure.

The new strategy is separated into four main categories containing a wide range of proposed actions. Depending upon local needs and circumstances, municipal governments could be affected a number of initiatives. The four parts of the proposed plan are:

### **Addressing Climate Change**

- Actions to increase climate resilience for people and communities include:
  - Carrying out a provincial climate impact assessment including vulnerability for key sectors such as energy, transport, water and agriculture;
  - Providing better information tools to homeowners to understand and take action to protect against climate change impacts;
  - Helping communities apply climate science in decision making to improve resilience;
  - Modernizing the Ontario Building Code to protect new buildings and homes against extreme weather;

- Reviewing the Municipal Disaster Recovery Assistance program to incorporate climate resilience upgrades to damaged infrastructure; and
- Review land use planning policies for climate resilience and helping communities adapt to changing weather conditions and improve stormwater management.
- This section also lays out actions to reduce GHG emissions by 30 per cent from 2005 levels by 2030 in line with the Paris Accord by:
  - Regulating Ontario's largest emitters to reduce GHGs. The regulated standards will include an assessment of trade-exposed industries and allow appropriate exemptions;
  - Create a four year \$400 million Ontario Carbon Trust fund to help pay for innovative technologies and GHG reductions;
  - The Ontario Carbon Trust could be combined with the \$420 million federal Low Carbon Leadership Fund allowing up to \$820 million to provide incentives to reduce carbon emissions;
  - Conserving energy and water in homes and buildings through better information on energy and water consumption
    - Expand the "Green Button" initiative for electricity and natural gas and voluntary support for water utilities;
    - Encourage the display of home energy information on real estate listings;
    - Increase renewable content in gasoline to 15 per cent by 2025;
    - Require natural gas utilities to offer voluntary renewable natural gas options for consumers;
    - Support smart grid and energy storage technologies;
    - Work with municipal governments to develop climate and energy plan initiatives to support climate resilience and low carbon transformation; and
    - Remove regulatory barriers to private sector low carbon refueling and compressed natural gas stations for trucks.

### **Reducing Litter and Waste in Our Communities and Keeping our Land and Soil Clean**

- Commitment to move Ontario's existing waste diversion programs to full producer responsibility to provide relief for taxpayers and make producers of packaging and products more efficient by better connecting them with the markets that recycle what they produce;
- Provide municipal governments and the communities they represent with say in landfill siting approvals;
- Cut regulatory red tape and modernize environmental approvals to support sustainable end markets for waste and new infrastructure;
- Expansion of green bin collection systems in large cities and relevant businesses;
- Develop a proposal to ban food waste from landfill;
- Reduce plastic waste through development of a national strategy; seeking federal commitment to implement standards that address recyclability and labelling for plastic products and packaging and ensuring the Great Lakes and other inland waters are included in international agreements that deal with plastic waste in the environment;
- Provide clear rules for compostable products and packaging by working with municipal governments and private composting facilities to build a consensus around requirements for

emerging compostable materials and consider making producers responsible for the end of life management of these materials;

- Establish an official day focused on cleanup of litter across Ontario;
- Explore opportunities to recover the value of resources in waste through chemical recycling or thermal treatment;
- Work with municipal governments and producers to provide more consistency across the province regarding what items can and cannot be accepted in the Blue Box;
- Revise Brownfields regulation and record of site condition to reduce barriers to redevelop contaminated lands;
- Make it easier to reuse excess soils;
- Work with municipalities to reduce illegal dumping, including of excess soils; and
- Improve management of hauled sewage.

### **Protecting Our Air, Lakes and Rivers**

- Local air quality monitoring and action plans to address regional concerns;
- Reducing road salt infiltrating Ontario's lakes and rivers through best management practices and reducing phosphorous;
- Increasing transparency of monitoring and reporting of sewage overflows from municipal wastewater systems and considering improvements to stormwater and wastewater financing and investment;
- Action on invasive species;
- Addressing water taking policies to protect groundwater and prioritizing uses; and
- Increasing water use tracking and reporting.

### **Conserving Land and Greenspace**

- Work with municipal governments and communities to ensure Conservation Authorities focus on protecting people and property from flooding;
- Modernize Environmental Assessments (EA) to avoid duplications, streamline and reduce delays while better recognizing other planning processes

Municipal officials are encouraged to review the plan for individual impacts and opportunities in their government operations. Members may wish to provide their comments directly on the province's new Environment Plan through the EBR by January 28, 2019. AMO will be assessing the areas of the plan in greater detail and will report to members on any significant developments.
