#### To the Calvin Municipal Council

Once again this year Eau Claire EMC would like to use the Calvin Community Centre and Sports fields for our Sports Camp and Vacation Bible School. We are requesting this for the week of July 15 - 19th, from 8:30 until 2:30 each day for that week. Ages for this event would be from 5 to 12, with teens also engaged as volunteer helpers who participate. I have attached our insurance forms showing the municipality included as requested.

We have a team of screened volunteers and will be following our plan to protect policies meant for children and vulnerable sector safety. We will also have over 5 people on hand with First-Aid training.

We will need the use of the kitchen as we would like to extend our day to include lunch and more time for baseball. We would like to use the washrooms inside the community centre. There will be volunteers who will be making sure taps are shut off at regular intervals. We might also need the use of the inside of the community centre in the event of poor weather.

We are happy that such a quality facility exists in Calvin and are thankful for the past and future opportunities to make more use of what is available. I will be at the council meeting on May 28 to answer any questions that may arise.

Going for God's Best!

RE: Bill 108, the More Homes, More Choice Act, 2019

WHEREAS, the Government of Ontario has introduced Bill 108, The More Homes, More Choice Act, which amends 13 different Acts with the stated objective of stimulating the supply of housing in the Province of Ontario;

AND WHEREAS, Schedule 9 of the proposed legislation would amend the Local Planning Appeal Tribunal Act, reverting many of the practices and procedures of the tribunal to those of the former Ontario Municipal Board, thereby allowing an un-elected, unaccountable body to make important planning decision for our community;

AND WHEREAS, Schedule 12 of the proposed legislation would make multiple amendments to the Planning Act and, specifically, would reduce the timelines for making decision related to official plans, zoning by-laws and plans of subdivision, further impeding a municipalities ability to make important planning decision at the local level and reducing appeals to the Local Planning Appeals Tribunal;

AND WHEREAS, Schedule 5 of the proposed legislation would amend the Endangered Species Act, thereby establishing a Species at Risk Conservation Fund, enabling a charge in lieu of meeting requirements to adequately protect species at risk and their habitat;

AND WHEREAS the government of Ontario has not adequately consulted with the municipalities with respect to this proposed legislation, and;

**NOW THEREFORE BE IT RESOLVED** that Council for the Township of The Archipelago opposes Schedules 9, 12, and 5 of the proposed legislation highlighted above, as they will have a negative impact on our community and therefore call for their removal from the Bill:

**AND NOW THEREFORE FURTHER BE IT RESOLVED** that Council for the Township of The Archipelago request the Government of Ontario to halt the legislation and properly engage and consult with Municipalities before further considering the proposed legislation.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to The Honourable Doug Ford, Premier of Ontario, The Honourable Christine Elliott, Deputy Premier, The Honourable Steve Clark, Minister of Municipal Affairs and Housing, Andrea Horwath, Leader of the New Democratic Party, Norm Miller, Parry Sound Muskoka MPP, Association of Municipalities of Ontario, and all Ontario Municipalities.

1.

Per MMAH "FINANCIAL INDICATOR REVIEW"		
INDICATOR	THRESHOLDS	RISK LEVEL
Debt servicing charge as a % of total operating revenue	< 5% 5% - 10% > 10%	LOW MODERATE HIGH
2. Reserves & Discretionary Reserves as a % of operating expenses	> 20% 10% - 20% < 20%	LOW MODERATE HIGH

#### 2. Why Reserves?

#### a) need reserves for cash flow purposes

With the exception of tax arrears, non-cash assets and liabilities generally offset each other. However, A/R increases with gov't funded capital projects. BCF A/R generally o/s 2-3 months.

At the low end, tax A/R balance is approximately 350K. However, month-end balances have been up to 1M.

#### b) want taxpayers to pay for the services they're using

- -Some expenses not showing until paid (e.g., landfill closure, sick leave liability).
- -Capital items (amortization = 1.2M annually) not shown as a budget item. Money to reserve until actually need it. (Funding from senior gov't harder to get in future & will have to pay for more of own capital. This argues for increasing reserve levels.)

#### c) even out taxation requirements

- -Spread cost of specific items over more than one year. Into reserve on a temporary basis. (many examples: election, union-related (legal), bridge studies, OP).
- d) holding spot for money received for specific purposes

#### 3. Why Incur Debt if you have reserves?

- a) Need reserves for the reasons explained above (especially to cover operational cash needs).
- b) Reserves are more flexible. Can be used when required for ANY purpose. Debt only for capital items.
- c) Interest rates fluctuate over time. Make use of debt when rates are good.
- d) Province frowns on "zero debt policies" when deciding who gets infrastructure grants. MMAH tracks both measures in their risk analysis.
