Calvin Township wish you*

MERRY CHRISTMAS

"This is a season where we often are surprised by moments of exhilaration and joy, like the small town in the Middle East experienced over 2000 years ago. We could be stunned by moments of amazing peace like the Christmas truce of 1914. Look for opportunities of peace, love, joy, and hope this season and take a moment or two to help those around you who may need you to share the load."
